

A brighter future for our young students!

Do you face difficulties in the evening while helping your children do their homework? Is French or English language an obstacle at home when your kids do their school work?

Al-Madinah Centre is pleased to announce a new service that meets your needs and helps your children (under 12 years old) excel in their schools duties. Our mission is to support and mentor elementary school students offering them a language support program (French or English) tailored for their needs: individual tutoring, homework help in small groups, or group tutoring as well. Our service intends to help them read, write and speak properly in English or French. We are offering two sessions of 12 weeks each (12 course).
